

A HALF LIFE 2 SINGLE PLAYER MODIFICATION

MAP 7: ASCENT WALKTHROUGH if you need more help, visit the SM forum [HERE](#) or Download a PDF VERSION [HERE](#)

Map 7 ASCENT begins with a new ride in a rusty buggy. Got to the end of this hallway and press the button. This will open the gate and give you the gravity gun. Have the sniper rifle ready for a pesky lookout.

In order to continue driving through the city, press this button to open the gate.

Enjoy the scenic route up strider mountain but you'll need to press this button the open the gate and continue. Prepare for manhacks.

Half way up the mountain is another combine gate check. Take them out and go through the window on the right. On the other side is a button the will open the gates so you can drive through.

The buggy cannot make this jump and will crash in the house below. After the crash, get out of the buggy and climb the stairs.

At the top of the stairs, jump to the railing and follow it around from the left to enter a room on the right.

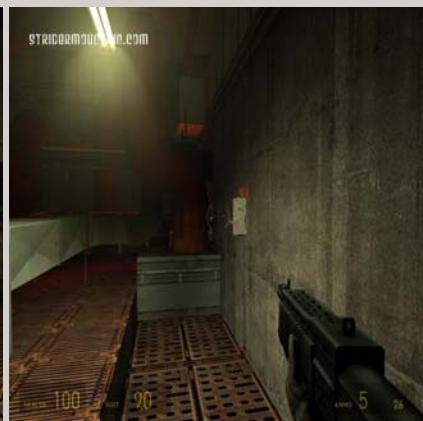

Take out the combine and enter through the gates. You'll find a vent in the right corner behind a wood crate.

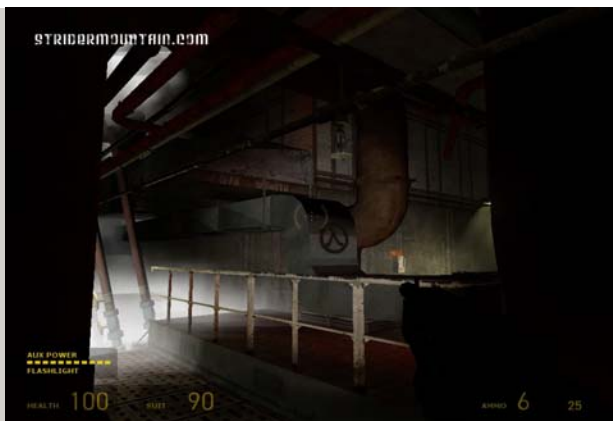

There is a big firefight on this deck. After it's over, go through the door at the end of this aisle and press the button on the right.

This boiler room puzzle is solved by pressing a series of 3 levers like the one in the picture. You need to build the pressure that will blow a pipe

Once the pressure in the room has built up, this pipe will explode and fall down. Use it to climb up and out of the room

As you walk along the pipes, the **EASTER EGG** can be found in a room by following this path. After the EE, leave the room and continue along the pipes. Press the button and the door will open to the next level. You have reached the **SUMMIT**.
